ConectUS Wireless Employees
Desktop/Laptop Computer 2022 Policies

1. Overview

This specification defines the minimum hardware requirements for Windows 10+ and all types of devices or computers designed for Windows 10, version 1703 or later versions. Microsoft will build and test the Windows 10+ OS against the requirements described in this specification.

2. Purpose of this specification

This specification defines the minimum hardware requirements necessary to:
- Boot and run Windows 10+.
- Update and service Windows 10+.
- Intel Core i7-9700T or higher
- Windows 10+ Pro 64bit or Higher
- 16GB 1X 16GB 266 Mhz DDR4 Memory or higher
- M.2 256GB PCIe NVMe Class 40 solid state Drive or higher

3. All Desktops and Laptops

- Each desktop/laptop computer will be built with above specs and Trend Micro Security License will be installed by ConectUS IT department before delivery.
- Citrix will be installed on all Desktops/Laptops for dual authentication access to B360 POS.
- Google Wprkplace will be used for email of Conectus.com.
- Dual Monitors when possible
- USB, Serial and Parallel Ports are disabled
- A minimum of an eight-digit passcode is required.

We employ SSL/TLS encryption (AES 256) and other privacy protection technology to secure all of our data. Additionally, these policies and procedures are reviewed annually.
