

**Subject: Congratulations you have validated**

Ref: Ack\_Attest

Merchant ID: conctus\_Wireless

### **PCI DSS Program Confirmation of PCI DSS Compliance Attestation**

Dear Customer

Congratulations, our records show you have just attested to your compliance with PCI DSS.

Your Attestation of Compliance will expire on 10/11/2022, after which it must be renewed. This involves updating your details and reporting your compliance again, as you've already done this year.

Please remember that the security of card holder data is a continuous process and should be normal practice.

Thank you for helping to keep your customers' payment card data secure.

#### **Need more help?**

The PCI DSS Program Portal is rich with online support and will guide you through the process. Please remember that compliance with PCI DSS is mandatory and that failure to comply may lead to financial penalties.

If you have any questions, or would like further information please click the chat link below to engage with a member of our team, who be happy to help. Our Merchant Support Center is open Monday-Friday 9am to 5pm EST. Otherwise, you can call our Merchant Support Center on 801 208 1105.
