

STATEMENT OF WORK

Sikich LLP (Sikich) is providing this Statement of Work (SOW) to Partner Connections, Inc DBA ConectUS Wireless (ConectUS Wireless) for Sikich to conduct express external network penetration testing services.

EXPRESS EXTERNAL NETWORK PENETRATION TESTING

The Sikich external penetration test provides a “hacker’s eye” view of your Internet-connected systems. In this test, a trained, experienced security consultant attempts to gain access to your systems using the tools and techniques employed by professional computer criminals and other attackers.

External penetration tests are a critical part of an organization’s overall information security program. External penetration tests from Sikich are designed to meet the requirements of several compliance standards and to provide valuable information to ConectUS Wireless and their IT department. Sikich follows a formal methodology based on National Institute of Standards and Technology (NIST) Special Publication 800-115.

Sikich will communicate with ConectUS Wireless as needed throughout the execution of the penetration test. We will immediately halt testing and contact ConectUS Wireless if we discover significant vulnerabilities, observe that our testing is having an adverse impact on the systems or discover indications of a previous successful attack.

RULES OF ENGAGEMENT AND TESTING SCOPE

By executing this SOW, ConectUS Wireless is agreeing that the Sikich penetration testing team will utilize the hosts listed on the “Network” page of ConectUS Wireless’s vulnerability scanning account with Sikich as the scope of for the testing. Sikich will review these hosts no sooner than 48 hours prior to the start of the test and will notify ConectUS Wireless of Sikich’s intent to start testing no later than 24 hours prior to start of the test. Sikich may also target email, messaging and cloud-based file sharing services associated with ConectUS Wireless’s domain, even if hosted outside of the IP addresses listed in the ConectUS Wireless vulnerability scanning account. Testing will be conducted between 8:00 a.m. and 5:00 p.m. Central time. Should ConectUS Wireless notice any network issues during the testing, ConectUS Wireless should contact Sikich immediately at 877.403.5227.

DELIVERABLES

Part of the value of a penetration test depends on the ability of ConectUS Wireless to understand and act on the results. Our testing results summary report is written to be concise while still meeting the needs of your IT department. In addition to the report, which will be delivered approximately two weeks after testing concludes, your Sikich consultant will set up a 30-minute phone call with ConectUS Wireless to discuss the results in more detail and answer any questions.

OPTIONAL RETESTING

At ConectUS Wireless’s request, and for an additional fee, Sikich can conduct retesting of the vulnerabilities identified in the report once ConectUS Wireless feels they have remediated them. This can provide peace of mind to ConectUS Wireless’s IT staff and leadership that the vulnerabilities identified during the initial test were properly addressed.

SCHEDULE

Please check the appropriate box to indicate in which month ConectUS Wireless would like their penetration test to occur. All reasonable attempts will be made to meet the request. ConectUS Wireless understands and agrees that changes in major factors (such as testing scope) could impact the testing timeframe.

<input type="checkbox"/>	JANUARY	<input checked="" type="checkbox"/>	APRIL	<input checked="" type="checkbox"/>	JULY	<input type="checkbox"/>	OCTOBER
<input type="checkbox"/>	FEBRUARY	<input checked="" type="checkbox"/>	MAY	<input type="checkbox"/>	AUGUST	<input checked="" type="checkbox"/>	NOVEMBER
<input checked="" type="checkbox"/>	MARCH	<input type="checkbox"/>	JUNE	<input checked="" type="checkbox"/>	SEPTEMBER	<input type="checkbox"/>	DECEMBER

FEES AND PAYMENT SCHEDULE

In estimation to complete the activities as requested, Sikich will charge the following:

SERVICE	FEES
EXPRESS EXTERNAL NETWORK PENETRATION TESTING (UP TO SIX (6) HOSTS)	\$1,750
EACH ADDITIONAL SIX (6) HOSTS IN SCOPE	\$500
OPTIONAL RETESTING OF IDENTIFIED VULNERABILITIES	\$290/HOUR

Upon confirmation of the scope of services within the web portal and notification to ConectUS Wireless of our intent to begin the test, Sikich will charge the full fees for the applicable services to the credit card on file. If no card is on file, Sikich will invoice ConectUS Wireless for the amount due. The report of the results from testing will not be made available to ConectUS Wireless until all fees are received in full.

TESTING CONTACT INFORMATION

Please provide contact information for the person Sikich should communicate with throughout testing.
